**Manufacturer’s Declaration of Compliance with Regulation (EU)  
2023/2854 (Data Act)**

**Danfoss A/S**

Danfoss Climate Solutions Segment/HydronicS Division/PL03 Room Controls

declares under our sole responsibility that the

**Product category:** Smart Heating

**Type designation(s):** Danfoss Ally™ Room Sensor

Covered by this declaration is in conformity with Regulation (EU) 2023/2854 (the Data Act), provided that the product is used in accordance with our instructions.

By purchasing this Danfoss Ally™ Room Sensor, you acknowledge and agree that Danfoss will collect, access, and process data generated by the use of the Danfoss Ally™ Room Sensor in accordance with the Data Act and the contractual arrangements agreed between the parties. Data will be processed in compliance with applicable legal obligations.

**a. Data generated by the Danfoss Ally™ Room Sensor**

Danfoss Ally™ Room Sensor continuously measure, calculate, and update operational parameters relevant to control the temperatures in the heating system.

All data is available on the Zigbee 3.0 interface. Specification of this can be found at: [Danfoss Ally™ Support page / Documents](#)

**b. Data access**

As described above, all data from the Room Sensor are available on the Zigbee 3.0 interface. Room Sensor can be connected to any Zigbee 3.0 compatible gateway of user’s choice.

Danfoss only vouches for the correctness of the English version of this document. In the event of the document being translated into any other language, the translator concerned must be liable for the correctness of the translation.

If connected to Ally™ Cloud then all data is available at the Ally™ API. Information about the Ally™ API can also be found at [Danfoss Ally™ Support page / Documents](#)

**c. Third-party access and data portability**

As described above, users can choose to connect the Boiler Relay to any third-party Gateway and thus share data with third-party.

Alternatively, users can share needed information for access to users' products using the Ally™ API with a third-party company.

Granting such access to third parties is permitted by Danfoss and does not void the product warranty.

**Note to the Customer**

- This statement covers the compliance of the Danfoss Ally™ Boiler Relay with the EU Data Act regarding measured, processed and live operational data.
- Optional services, such as Danfoss Ally™, have separate compliance documents.
