

Join us at **ATMO VTS** to talk about **Danfoss solutions** qualified for natural refrigerants

Program of our meeting room

March 30th at 10 AM to March 31st at 10 AM CET

Venue: [Home - ATMO VTS 2021 \(atmo-vts.com\)](https://atmo-vts.com)

Discuss new developments in propane, ammonia, and CO₂ with the experts at our virtual booth.
Bring your questions to our online meeting room, with local perspectives and languages.

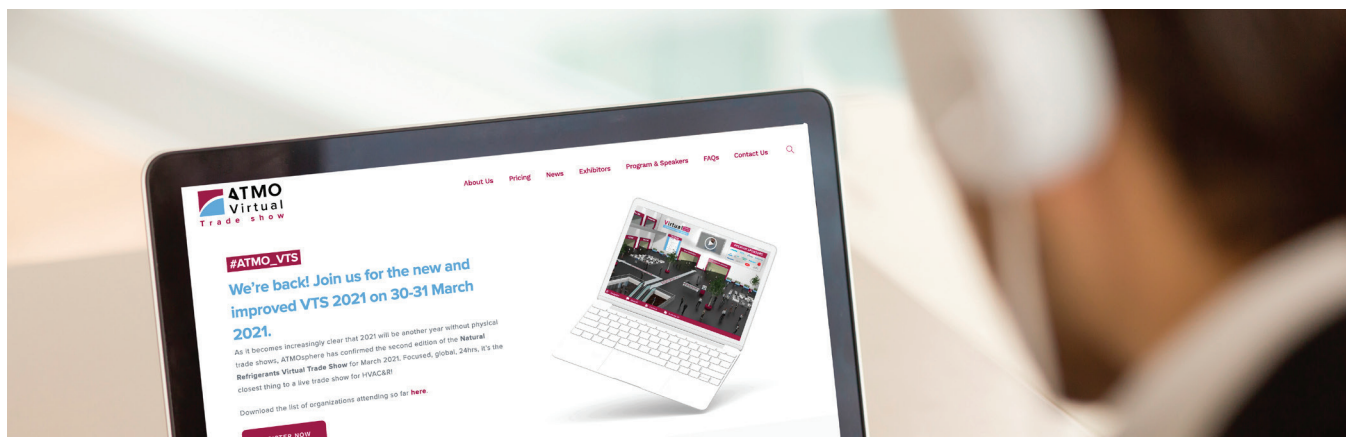

March 30th

Time in CET*	Time in ET**	Time in AEDT**	Title of the presentations
10 AM - 12 PM	5AM - 7AM	8PM - 10PM	Global – English Introduction to Danfoss qualified solutions for natural refrigerants from small to large installations followed by a deep dive into selected topics.
12 PM - 02 PM	7AM - 9AM	10PM - 12AM	France – French Réfrigérants naturels et solutions durables pour le froid industriel et les magasins de distribution alimentaire
02 PM - 04 PM	9AM - 11AM	12AM - 2AM	Latin America – Portuguese Tecnologias de CO ₂ para qualquer temperatura ambiente
04 PM - 06 PM	11AM - 1PM	2AM - 4AM	Global – English Introduction to Danfoss qualified solutions for natural refrigerants from small to large installations followed by a deep dive into selected topics.
06 PM - 08 PM	1PM - 3PM	4AM - 6 AM	North America – English CO ₂ solutions in North America
08 PM - 10 PM	3PM - 5PM	6AM - 8AM	Latin America – Spanish Tecnologías de CO ₂ para cualquier temperatura ambiente

March 31st

Time CET	Time ET*	Time AEDT**	Title of the presentations
12 AM - 02 AM	7PM - 9PM	10AM - 12PM	Asia Pacific – English Join in to hear stories on operational safety in IR solutions. Learn IoT from zero to engage with food retailers globally and be an expert in choosing the right CO ₂ systems that meet your needs
08 AM - 10 AM	3AM - 5AM	6PM - 8PM	Russia – Russian Решения на натуральных хладагентах для магазиностроения и промышленного холода в России

*CET: Central European time / ** ET: Eastern time / *** AEDT : Australian Eastern Daylight Time

Danfoss is a pioneer in natural refrigerants – and we're tailoring our **ATMO VTS meeting room program** to you

You decide what you want to discuss about.

Small to Medium size Installations	Medium to Large size Installations	Industrial Installations	Connected/Support solutions
R290 Solutions for Self-contained applications	CO ₂ in Supermarket applications	SFA10 Safety valve for CO ₂ and Ammonia	Gas detection
Semi Plug-in/Waterloop systems	Multi Ejector Solution™	EKE 400 Evaporator Controller for CO ₂ and Ammonia	System Manager AK-SM 800A
CO ₂ Condensing Unit – Optyma iCO ₂	News on Safety: CO ₂ pressure switch CKB and safety valve SFA 10H	Heat exchangers for Industrial CO ₂ systems	Alsense™ IoT Cloud Monitoring Solutions
CO ₂ MiniPack Solution	CO ₂ Training and the Mobile training unit	IPS 8 Intelligent Purging System	Heat recovery unit
		Low charge ammonia system	Cool Selector® Cooling Calculation Software
