24/7

Access to all things
Danfoss Turbocor®

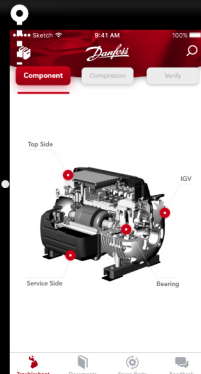

www.turbocor.danfoss.com | **TURBOCOR®**

Quick access to Danfoss Turbocor® compressor troubleshooting

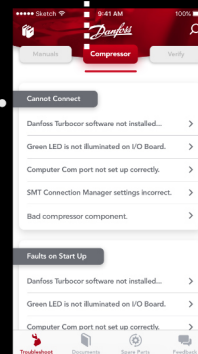

The new version of the Danfoss **Turbotool® 2.0 app** for all your full service Danfoss Turbocor compressor needs

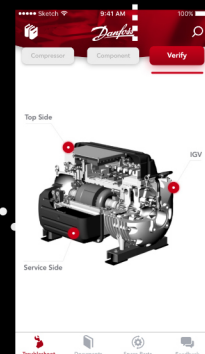

TurboTool® helps technicians quickly identify and troubleshoot issues on Danfoss Turbocor® compressors

There is an easy to use guide where technicians can input basic symptoms to view corresponding solutions as well as service literature for reference

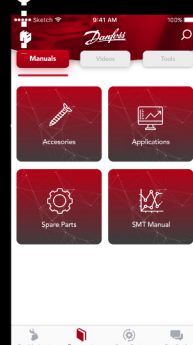

TurboTool® provides for easy reference to common operating parameters for most components

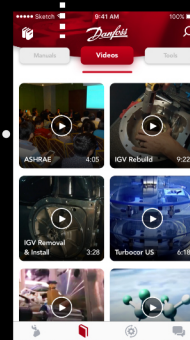

Troubleshoot

Parts catalog and service manual readily at your fingertips on your smart device

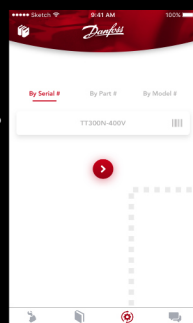

Documents

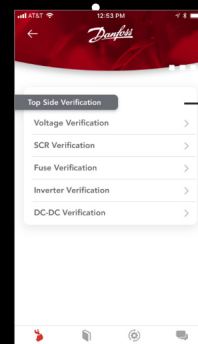

Convenient how-to videos on troubleshooting or replacing many common components for reference any time, anywhere

Spare Parts

With spare parts loaded into the app, a quick scan of the compressor will tell you exactly what is needed
