## Installation Instructions

## Cradle for Power Card \& Busbar VLT ${ }^{\circledR}$ AutomationDrive FC 360

The instructions provide information about the replacement of the cradle in the J6 enclosure type of the VLT ${ }^{\circledR}$ AutomationDrive FC 360.

Only Danfoss-authorised, qualified personnel is allowed to repair this equipment. The personnel must be familiar with the instructions and safety measures described in the VLT ${ }^{\circledR}$ AutomationDrive FC 360 Service Manual.

### 1.1.1 Items Supplied

Items supplied depend on ordered code number and enclosure type of the frequency converter.

| Code number | Items supplied |
| :--- | :--- |
| 132 B0303 | $\bullet$ Cradle for power card \& busbar, enclosure type <br> J6 |

### 1.1.2 Tools Required

- Screwdrivers:
- Flat-edged
- T10
- T20
- T25
- T30
- N8 socket wrench
- N10 socket wrench
- N5 Allen key

### 1.1.3 Safety Instructions

## AWARNING

## DISCHARGE TIME

The frequency converter contains DC-link capacitors, which can remain charged even when the frequency converter is not powered. Failure to wait the specified time after power has been removed before performing service or repair work, could result in death or serious injury.

1. Stop the motor.
2. Disconnect AC mains, permanent magnet type motors, and remote DC-link power supplies, including battery back-ups, UPS, and DC-link connections to other frequency converters.
3. Wait for the capacitors to discharge fully, before performing any service or repair work. The duration of waiting time is specified in Table 1.1.

| Voltage [V] | Minimum waiting time (minutes) |  |
| :--- | :---: | :---: |
|  | $\mathbf{4}$ | 15 |
| $380-480$ | $0.37-7.5 \mathrm{~kW}$ | $11-75 \mathrm{~kW}$ |

High voltage may be present even when the warning LEDs are off!
Table 1.1 Discharge Time

### 1.1.4 Installation

## Replacing the Cradle for Enclosure Type J6

1. Follow the instructions in $V L T{ }^{\circledR}$ AutomationDrive FC 360 Service Manual to remove the power card.
2. Detach the power card from the cradle.
3. Replace the cradle.
4. Reinstall other unmounted components in reverse order.
