

ProsaLink smart monitoring

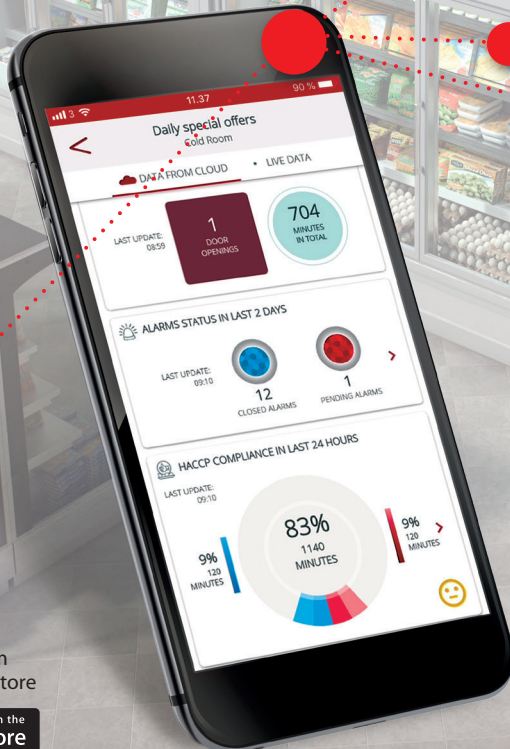

# Always on, even when you are off

The ProsaLink app, paired with the PR-SC4 telemetry device, is a simple, real-time temperature and automatic HACCP data-logging solution – combined with alarm notifications to act immediately.

## User-friendly

app for perishables  
protection  
and proactive  
maintenance

**ProsaLink**  
🔥 Temperature above 10°C for more than one hour. ⚠️

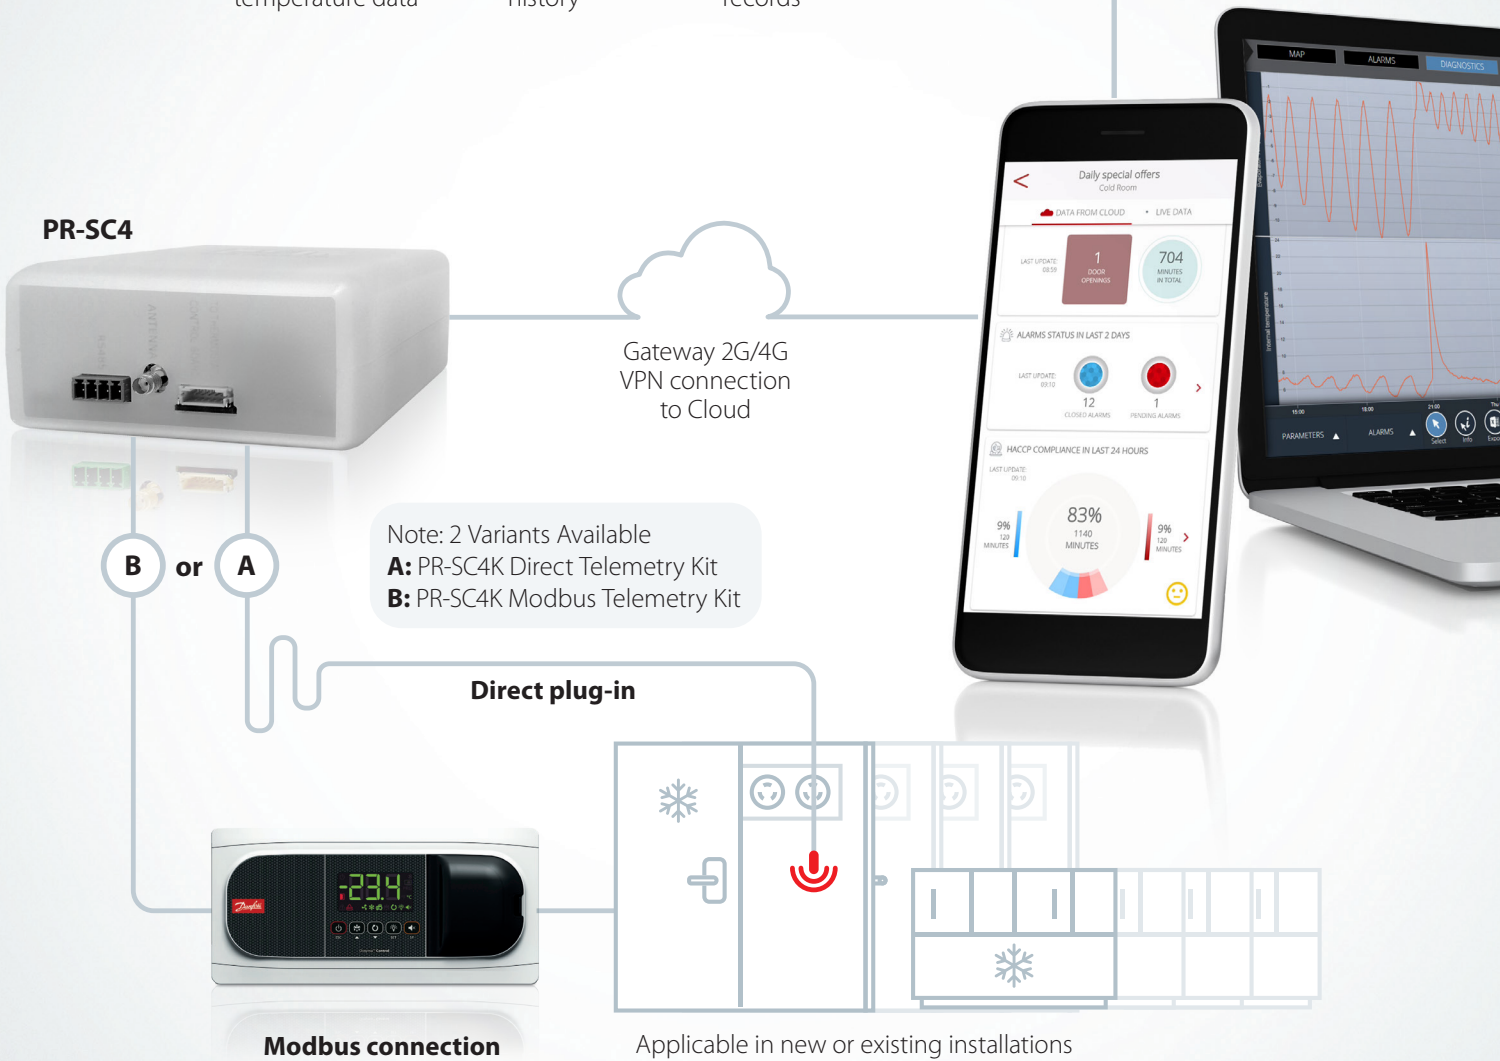

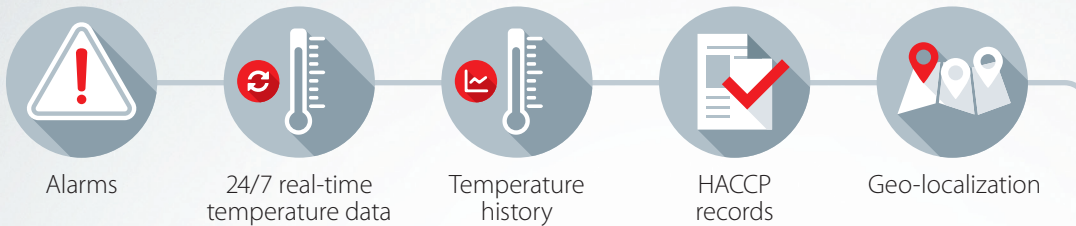

Download the ProsaLink app from  
Google Play Store or Apple App Store

# Instant and actionable alerts

You will never be caught off guard. ProsaLink keeps an eye on perishables and helps prevent food loss caused by the breakdown or late-servicing of refrigeration equipment.
