Danfoss Ally™
Radiator Thermostat
Quick Guide

EN: Identify the valve by comparing the shape of the valve body with the red lines and mount the right adapter.

DE: Identifizieren Sie den benötigten Thermostatventil-Adapter, indem Sie die Form der Ventilaufnahme mit den

roten Linien vergleichen. Anschließend montieren Sie den Adapter.

DK: Identifier ventilen ved at sammenligne ventilens form med de viste røde streger og monter derefter den korrekte adapter.

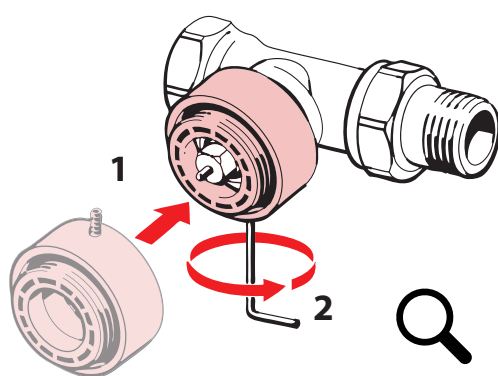

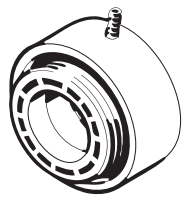

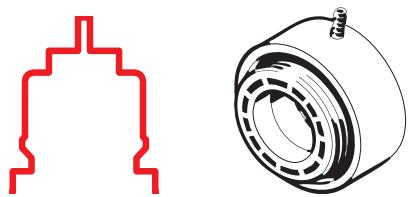

FR: Identifiez le type de robinet en comparant la forme / le profil dessiné en rouge et monter le bon adaptateur.

IT: Identificare la tipologia di valvola confrontando la forma del corpo della vostra valvola con le linee rosse e montare l'adattatore corretto.

PL: Zidentyfikuj zawór porównując kształt korpusu zaworu z czerwonymi liniami i zamontuj odpowiedni adapter.

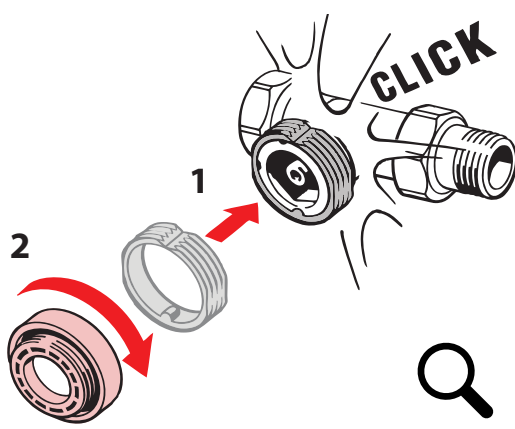

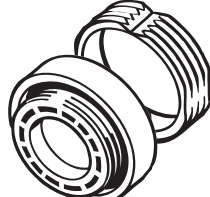

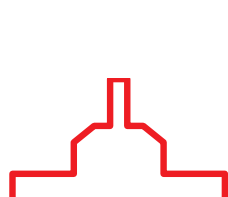

CZ: Identifikujte ventil porovnáním tvaru těla ventilu s červenými obrysy a nainstalujte správný adaptér.

SIMPLIFIED EU DECLARATION OF CONFORMITY
Hereby, Danfoss A/S declares that the radio equipment type Danfoss Ally™ is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: www.danfoss.com
The thermostat is not intended for children and must not be used as a toy. Do not leave packaging materials where children may be tempted to play with them, as this is extremely dangerous. Do not attempt to dismantle the thermostat as it contains no user-serviceable parts.

Danfoss A/S
