

# Introducing NeoCharge: Cut energy costs and increase capacity

NeoCharge is a game changer in industrial refrigeration. This unique yet simple technology reduces the charge in both new and existing systems. With easy installation in any type of system, NeoCharge gives you a shortcut to low-charge.

Take the  
shortcut to  
**low-charge**

**NeoCharge**  
The new  
game changer

## Charge-saving potential

How NeoCharge lets you decrease your ammonia charge while maintaining the same cooling capacity in different types of systems.

## Energy-saving potential

Your energy-saving potential with NeoCharge in different types of systems.

Based on 100.000 m<sup>3</sup> cold storage energy consumption.
