

# DrivePro® Extended Warranty

## The industry's longest warranty coverage

**Even the best performing AC drives need protection. DrivePro® Extended Warranty offers a wide range of warranty options and provides the longest coverage in the industry.**

Given the rigors and challenges faced in today's facilities, even the best-performing AC drives need protection. The reliability of Danfoss products helps ensure maximum uptime and when combined with DrivePro® Extended Warranty, you can take control of your budget and reduce unplanned expenses.

### Flexible coverage you can rely on

A wide variety of coverage programs are available, tailored to meet the support needs of various VFD applications.

### In the event of a failure, local experts will be on their way to get you up and running as quickly as possible

Rest easy knowing that in the event of a failure local experts will be on their way to get you up and running as quickly as possible.

### Longest coverage

Get the longest coverage available in the industry, with up to 10 years warranty coverage when you pair a Danfoss warranty with a DrivePro® Service Contract.

### Reduce downtime

With a DrivePro® Extended Warranty, you can improve productivity. Downtime is typically reduced by 60% due to direct support. Your plant is up and running faster after an unscheduled shutdown – a concrete productivity boost that will improve your bottom line.

### DrivePro® Circularity Commitment

With DrivePro® Extended Warranty we will aim to repair drives as long as we can technically allow it, and we will reduce actions to replace the whole unit.

## Choose your preferred DrivePro® Coverage Program

With DrivePro® Extended Warranty we support all Danfoss AC drives in a new or active lifecycle status.

### Standard Extended Warranty

DrivePro® Standard Extended Warranty **prolongs the standard warranty** provided under the Danfoss General Terms and Conditions of Sale. DrivePro® Standard Extended Warranty is intended for **drives which can be shipped to and repaired in the Danfoss workshop**. The workshop repair is carried out by certified service personnel who are equipped with the right tools, original spare parts and they follow high-quality standards.

### On-Site Extended Warranty

DrivePro® On-Site Extended Warranty is an **additional service offering to the standard warranty** provided under the Danfoss General Terms and Conditions of Sale. DrivePro® On-Site Extended Warranty provides the **repair or replacement of the product at the jobsite by a technician free of charge**. The on-site repair is carried out by certified service personnel who are equipped with right tools, original spare parts, and they follow high quality standards.

### Drivepro®-tection Extended Warranty & Service Contracts

Drivepro®-tection offers **additional comfort of coverage for accidental damage**. Coverage of most products is available for the same periods as standard EW or SC. Coverage includes: Line anomalies – including lightning strikes, load anomalies, accidental exposure to moisture or corrosives, accidental collision or other physical damage.

**Service Contract begins where the warranty leaves off**. Coverage of 1 to 4 years is available for Danfoss Drive products nearing the end of the standard warranty or extended warranty. Most products can be covered until they are 10 years old in combination with DrivePro®-tection or DrivePro® Extended Warranty. A performance inspection service is available to validate eligibility of products with expired standard or extended warranties.
