Danfoss Power Solutions Reman Solutions

Greater **lifetime value**
and **like-new** performance

Up to

30%

savings versus
new units

Lower cost of ownership is one of the many benefits of using remanufactured replacement products

Danfoss delivers quality

Reducing equipment costs doesn't have to mean cutting corners on quality. With the purchase of Danfoss remanufactured products, you will receive high quality replacement products and that can mean tremendous savings.

At Danfoss, our reputation for innovative, cutting-edge power solutions is something we take very seriously. We are committed to providing our customers with the highest quality components. Remanufactured or new, Danfoss excels in both quality and performance.

REMAN QUALITY ASSURANCE

Danfoss Reman Solutions: All the right options

BEFORE

AFTER

Remanufacturing

Reduce costs and enjoy as-new performance and peace of mind. Our remanufactured units are updated to our latest specifications and our rigorous, hi-tech remanufacturing processes are guided by our skilled operators. Our multi-step approach includes:

- Contamination testing
- Soda blasting
- Laser and micrometer inspection
- Innovative recovery technology
- Onsite CMM (Coordinate Measuring Machine)
- Tool gauging and repair
- Expert assembly
- Qualification via test stand

Advantages of remanufactured products

Our remanufactured products not only work like new, but they can provide considerable cost savings — as much as 30 percent (when an acceptable core is returned) over the cost of new. Danfoss customers rely on remanufactured products to:

- Manage input costs
- Lower total cost of ownership
- Extend machine life
- Lower environmental impact
- Reduce downtime
- 18-month standard warranty

New Service Units

If a remanufactured unit is not the best fit for you, you have the option to buy a new service unit.

Legacy Production

Series 20 and M46 fixed motors are available to you from our Parts & Service production facilities.

Product lines we support:

Series 90 Pumps and Motors

M46 Pumps and Motors

M25 Pumps and Motors

Series 20 Pumps and Motors

Series 51 Motors

Legacy brands we support:

Hard at work, a **second** time. Lowering cost, not quality.

Contact us today

Expect long-lasting performance, reliability and cost savings when you purchase a quality Danfoss remanufactured product. To learn more or for a full list of our reman product offering, visit:
