

Now offering: AB-QM™ Valve **Presetting & Tagging** Services

Simply provide your required specifications on the supplied Danfoss valve schedule.

- ½" - 1¼" AB-QM Valves
- Presetting & Tagging*
- Tailpieces included in box
- Quick turnaround

Simplify

your installation
process with new
services provided
by Danfoss.

Danfoss is pleased to announce the addition of pre-setting & tagging services for our ½" to 1¼" valves. AB-QM™ valves can now be pre-set and tagged per customer specifications and individual boxes will be labeled with those defined specifications. In addition corresponding tailpieces will also be included in each box for easy installation and sorting. Simply complete the required valve schedule table with your details and submit to Danfoss along with purchase order.

For more information or to request additional pricing please contact Danfoss: 1-888-DANFOSS (option 3).
