

# DrivePro® Extended Warranty

## The industry's longest warranty coverage

Even the best performing variable frequency drives and power converters need protection.

DrivePro® Extended Warranty offers a wide range of warranty options and provides the longest coverage in the industry of up to 6 years (72 months).

Given the rigors and challenges faced in today's facilities, VFDs and power converters need protection. The reliability of Danfoss products ensures maximum uptime and, when combined with DrivePro® Extended Warranty, unplanned expenses are minimized.

### Flexible coverage you can rely on

Extend the lifetime of your VFD and power converter with expert service support available around the clock and enjoy peace of mind, avoiding costly repairs and replacements.

### Unlock maximum uptime with fast response time

A predictable maintenance and repair budget, as well as reduced costs, with a wide range of warranty options to fit your needs.

### Longest coverage

Get the longest coverage available in the industry, with up to 6-year warranty coverage.

### Reduce downtime

With a DrivePro® Extended Warranty agreement, you can improve productivity. Achieve typically 60% downtime reduction due to direct support. Your plant is up and running faster after an unscheduled shutdown – a concrete productivity boost you will register on the bottom line.

Feature	Benefit
Coverage of up to 6 years	<ul style="list-style-type: none"> <li>– Predictable long-term business case</li> <li>– Ensure maximum uptime with reliability fast, reliable reaction time</li> </ul>

Original Danfoss spare parts	<ul style="list-style-type: none"> <li>– World’s most reliable components, with TS 16949 approval</li> <li>– 100% compatibility and durability</li> <li>– Best protection for your other equipment</li> </ul>

## Choose between two types of DrivePro® Extended Warranty

With DrivePro® Extended Warranty we support all Danfoss VFDs and power converters in a new or active lifecycle status.

### Standard Extended Warranty

DrivePro® Standard Extended Warranty prolongs the standard warranty provided under the Danfoss General Terms and Conditions of Sale.

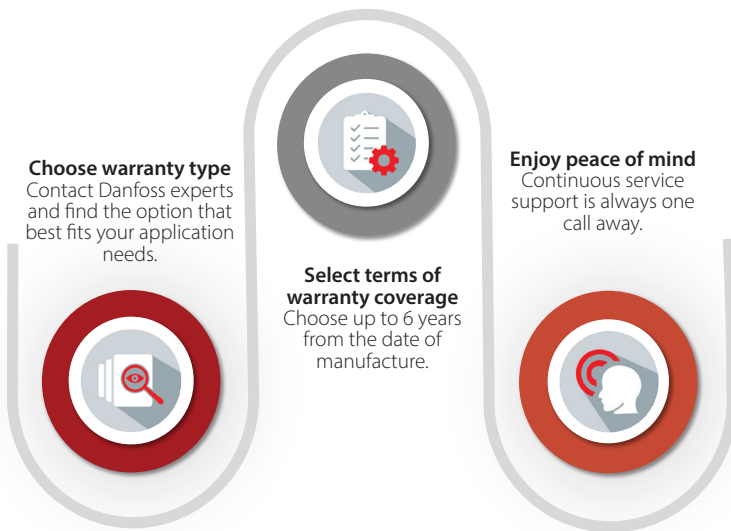

DrivePro® Standard Extended Warranty is intended for drives which can be shipped to and repaired in the Danfoss workshop. The workshop repair is carried out by certified service personnel who are equipped with the right tools, original spare parts, and follow high-quality standards.

### On-Site Extended Warranty

DrivePro® On-Site Extended Warranty is an additional service offering to the standard warranty provided under the Danfoss General Terms and Conditions of Sale.

DrivePro® On-Site Extended Warranty provides the repair or replacement of the product at the jobsite by a technician free of charge. The on-site repair is carried out by certified service personnel who are equipped with the right tools, original spare parts, and follow high-quality standards.

## How it works

## How to order

Contact your local sales office to request DrivePro® Extended Warranty. Orders can be placed by email or by telephone. You can find your local Danfoss Drives contact here:
