

EV220W solenoid valves for potable water

New Danfoss solenoid valve: A **quality** product at a **competitive price**

The new EV220W solenoid valve is designed, tested and made by Danfoss. The WRAS approved quality valve is suitable for a wide range of water applications in HVAC and building services.

WRAS

approval ensures
compliance with
regulations and
requirements

Features and benefits

With the EV220W solenoid valve, you will get a complete product that is **easy to order, easy to install** and **easy to use**.

Values

- Compact, quality design by Danfoss
- Competitive price
- Manufactured in Denmark
- Global knowhow and local support

Functionalities

- Safe function in humid environment
- Clip-on coil for easy installation and use
- Effective water hammer damping
- Insensitive to dirt
- Long life time
- High performance, Kv

Approvals

- WRAS approved
- RoHS Directive 2011/65/EU
- Low Voltage Directive 2014/35/EU - EN60730-1 - EN60730-2-8
- UL recognized

ISO228/ 1 connection	Coil voltage/ power consumption	Code no.
G 3/8	24V DC 6.5W	042U471002
