Micro Plate Heat Exchanger
For increased heat pump business
H30-C Heat pump Condenser

40% charge compared with a traditional BPHE. The ideal solution to meet the world’s climate and energy spirations.
H30-C Heat pump Condenser Micro Plate Heat Exchanger

Introduction
Condenser optimised for R407C in high efficiency residential heat pumps with capacities between 3-25 kW. The new innovative Micro Plate technology improves heat transfer and because of the reduced amount of material used, it is very compact. The H30-C is designed to work efficiently with close temperature approaches to meet demands for higher COPs in heat pumps. The low hold-up volume reduces the refrigerant charge and offers valuable savings.

Key features
- Minimal hold up volume: Less refrigerant charge
- High heat transfer: For a more efficient heat pump
- Smaller footprint: Enabling more compact heat pumps
- Reduced CO₂ footprint: Environmentally friendly with high heat transfer and minimal refrigerant charge.

Standard materials
- Cover plates: AISI 304
- Connections: AISI 304
- Brazing filler: Pure copper
Other material combinations are available on request. Please contact your Danfoss sales representative for more information.

Standard connections
Standard connections as per below are optimised for this product as condenser in heat pump system. For other connections, please contact your Danfoss representative.
- Q3 (Refrigerant outlet): soldering 1/4", 3/8" or 5/8"
- Q4 (Refrigerant inlet): soldering 1/2", 5/8" or 7/8"
- Q1-Q2 (Brine side): External threaded 3/4" or 1"

Third-party approvals
Europe: Pressure Equipment Directive (PED). America: Underwriters Laboratory Inc (UL). The third party approvals stated are standard for all our products. For details of other existing approvals or to discuss how we can meet your local needs, please contact your Danfoss representative.

Accessories
- Stud bolts on front and/or back plates for mounting support are available upon request. Please contact your Danfoss sales representative for further information.

Accessibility
We will help you set up a logistic solution that will meet your needs.
