

1. Warranty Terms

At Danfoss, we find it of great importance to deliver high quality products with long lasting effects. Should you, against all expectations, experience a problem with your product, Danfoss offers warranty valid from the date of purchase that was no later than 2 years from production date on the following conditions: During the warranty period Danfoss shall offer a new comparable product or repair the product if the product is found to be faulty by reason of defective design, materials or workmanship. The decision to either repair or replace will be solely at the discretion of Danfoss.

We offer you the best warranties in the market.

The warranty is a series of six individual, best-in-market warranties to give you full peace of mind while using Electric Heating products.

We provide two warranty types: **Product warranty** and **Full-service warranty valid from the 1st of July, 2021**.

Product warranty

The product warranty is valid for the agreed warranty period and shall offer a new comparable product or repair of the product if it is found to be faulty by reason of defective design, materials or workmanship. This warranty covers all our products that are not covered by Full-service warranty. Its term may vary depending on different product types (as shown in the table below).

Product warranty covers costs for:

- product replacement with a new comparable product or repair of the product
- transportation costs

Full-service warranty

If the product is covered by full-service warranty, in addition to repair or replacement of the defective product Danfoss will also compensate installation costs and any damage to floor/surface materials (e.g. brickwork, tiles and roof surface). If the damage is caused by the defective product or is an unavoidable result of

repairing the defective product. Except for such costs and damage, Danfoss shall not be liable for any resulting losses or consequential or incidental damages including, but not limited to, damages to property or extra utility expenses. No extension of the warranty period following repairs undertaken is granted.

Full-service warranty is valid for resistive ready-made heating cables and mats. Specific product groups can be found in below table.

Full-service warranty covers costs for:

- inspection of the warranty claim
- product replacement with a new comparable product or repair the product
- payments for the installation
- floor materials of similar type or price level (e.g. damage to brickwork and tiles)
- transportation costs

The warranty shall be valid only if the WARRANTY CERTIFICATE is completed correctly and in accordance with the instructions; and provided if the fault is submitted to the installer or the seller without undue delay and proof of purchase is provided.

The warranty shall not cover any damage caused by incorrect conditions of use, incorrect installation or if installation has been carried out by non-authorized installer. All work will be invoiced in full if Danfoss is required to inspect or repair faults that have arisen as a result of any of the above. The Danfoss warranty shall not extend to products which have not been paid in full. Danfoss will, at all times, provide a rapid and effective response to all complaints and inquiries from our customers.

All claims not meeting the above conditions are explicitly excluded from the Danfoss warranty.

For all our products, we offer the following warranties*:

		Ready-made heating mats:	
<div> </div> **		<ul style="list-style-type: none"> • ECinfracable 	
	Ready-made heating cables:	Ready-made heating mats:

			<p>Other products:</p> <ul style="list-style-type: none"> • ECdry Touch Kit • ECfoil Mirror <p>All accessories</p>

* All Danfoss warranties are valid from the date of purchase.

** Lifetime warranty is valid for specific products until the first interference into the floor construction where the heating element is installed.

2. Warranty Process

The installation of our products must be performed by an authorized installer. In order to apply for the warranty, you need to have a valid Warranty certificate.

To have a valid **Product warranty or Full-service warranty**, you need to follow these requirements:

1. Product must be installed by authorized installer according to the specific installation guide related to corresponded product.
2. Insulation and conductors' resistance of heating elements must be checked before and during the installation and noted in Warranty certificate.
3. The product Warranty certificate must be filled in, stamped and signed by the authorized installer performing the installation.
4. After the installation is performed, store and keep the warranty certificate during the whole warranty period.

E.g. Sample of Warranty Certificate is placed inside each box.

A 20-year product warranty is valid for:

- heating cables: DEVibasic™, DEVicomfort™, DEViflex™, DEVIsnow™, DEViasphalt™;
- heating mats: DEViheat™, DEVicomfort™, DEVimat™, DTCE, DEVIsnow™, DEViasphalt™.

Should you, against all expectations, experience a problem with your DEVI product, you will find that DEVI offers DEVIwarranty valid from the date of purchase that was no later than 2 years from production date on the following conditions: During the warranty period DEVI shall offer a new comparable product or repair the product if the product is found to be faulty by reason of defective design, materials or workmanship. The decision to either repair or replace will be solely at the discretion of DEVI.

In addition to repair or replacement of the defective product DEVI will also compensate installation costs and any damage to floor/surface materials (e.g. brickwork, tiles or roof surface) if the damage is caused by the defective product or is an unavoidable result of repairing the defective product. Except for such costs and damage, DEVI shall not be liable for any resulting losses or consequential or incidental damages including, but not limited to, damages to property or extra utility expenses. No extension of the warranty period following repairs undertaken is granted.

The warranty shall be valid only if the WARRANTY CERTIFICATE is completed correctly and in accordance with the instructions, the

fault is submitted to the installer or the seller without undue delay and proof of purchase is provided. Please note that the WARRANTY CERTIFICATE must be filled in, stamped and signed by the authorized installer performing the installation (Installation date must be indicated). After the installation is performed, store and keep the WARRANTY CERTIFICATE and purchase documents (invoice, receipt or similar) during the whole warranty period.

The DEVIwarranty shall not cover any damage caused by incorrect conditions of use, incorrect installation or if installation has been carried out by non-authorized electricians. All work will be invoiced in full if DEVI is required to inspect or repair faults that have arisen as a result of any of the above. The DEVIwarranty shall not extend to products which have not been paid in full. DEVI will, at all times, provide a rapid and effective response to all complaints and inquiries from our customers.

All claims exceeding the above conditions are explicitly excluded from the DEVIwarranty.

devi.danfoss.com/en/warranty/

WARRANTY CERTIFICATE

The DEVIwarranty is granted to:

The insulation resistance shall be measured by means of a DC voltage of at least 1000 V for one minute. The measured value shall be no less than 50 MΩ.

Address _____	Stamp _____
Purchase date _____	Product _____
Installation Date & Signature _____	Art. No. _____
Resistance [Ω] _____	Insulation [MΩ] _____
Connection Date & Signature _____	Resistance [Ω] _____
	Insulation [MΩ] _____

NB: Availability of the Warranty certificate is mandatory requirement to apply for warranty services.

If you want to apply for Full-service warranty or Product warranty, please follow the next steps:

1. Find your product warranty certificate. (Customer).
2. Contact the authorized installer who performed the installation and ask him to start up the warranty claim with the used distributor. (Customer).
3. Distributor contacts local Danfoss organization (Distributor).
4. Local Danfoss organization will appoint or approve a technical expert to check product and installation (depending on country, it could be: service center / Danfoss sales representative). (Danfoss).
5. In warranty case, the appointed expert provides the conclusion report and all necessary documentation and images to Danfoss sales representative. (Installer or Danfoss representative).
6. Danfoss representative provides report and all necessary images for evidences to Danfoss quality department. (Danfoss representative).
7. Danfoss will evaluate the report (Danfoss).
 - a. If the report is approved by Danfoss, all liabilities will be covered.
 - b. the report is not approved by Danfoss, or inspection shows that product was damaged during the installation or by other reasons which are not described by the installation guide, all costs related to the warranty claim are covered by the customer.
8. In contradictive situations, the decision to either repair or replace will be solely at the discretion of Danfoss. All additional tests by Danfoss will be provided free of charge. (Danfoss).
