

Natural and low GWP

Multi refrigerant portfolio for cold room
A2L, CO₂ and propane

As we transition toward a more environmentally friendly future, your refrigerant choice becomes an important factor for your business and the planet. Because no two applications are alike, choose from a full portfolio of food service refrigeration solutions - tailored to your specific need.

To reach the Products and Refrigerants Overview in Coolselector®:

1. Enter Coolselector online:
[Coolselector \(danfoss.com\)](https://coolselector.danfoss.com)
2. Select Tools -> Products and Refrigerants Overview
3. Filter by Refrigerants and Product function

Danfoss has a global market presence selling in over 100 countries, with factories, Application Development Centers (ADC), and laboratories all over the globe. New and evolving regulations on refrigerants can make it a challenge to stay up-to-date on current trends and cause uncertainty. Danfoss is committed to providing you with the best and latest information, so you make confident decisions about the refrigerants you use with our products and in HVACR applications.

Common benefits

- ✓ Low GWP (Global Warming Potential)
- ✓ Compliance with regulations
- ✓ Energy efficiency
- ✓ Safety

> CO₂ features

- ✓ High-pressure fluid
- ✓ Reduced equipment size: compact set of components
- ✓ Cost-effective fluid
- ✓ Natural Refrigerant - GWP = 1

> A2L features

- ✓ Similar with existing systems
- ✓ Consider potential charge limitations
- ✓ Consider Refrigerant Glide

> Propane features

- ✓ Reduced charge compared to A1 & A2L
- ✓ Consider charge limitations
- ✓ Natural fluid – GWP = 3
- ✓ Efficient fluid
- ✓ A3 classified - Flammable refrigerant

For 24/7 support, we have developed intuitive **tools** and apps helping you to make the right product selection, choose an alternative refrigerant, troubleshoot your installation or be trained on natural refrigerants or latest Danfoss Climate Solutions products

RefTools

The essential all-in-one mobile application for air conditioning and refrigeration technicians. Get seven powerful tools to support your refrigerant journey all from the palm of your hand.
