

# TurbocorCloud<sup>®</sup>: smart, connected compressors for enhanced performance

24/7 remote connectivity for your Turbocor<sup>®</sup> compressors

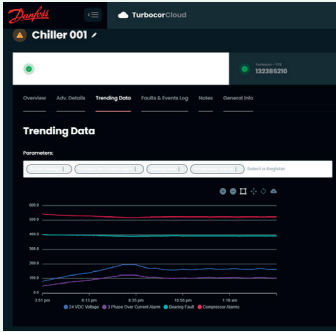

# TurbocorCloud®

Over 150 unique parameters at the fingertips of Turbocor experts 24/7.

The web-based dashboard collects compressor information to provide powerful insight into your compressor and chiller systems performance.

**Collaboration**  
Easily share information to collaborate with other technicians to gain advanced troubleshooting assistance

**Trending Analysis**  
Automatically access up to 150 data points from TurbocorCloud's database to diagnose issues from any time period, past or present

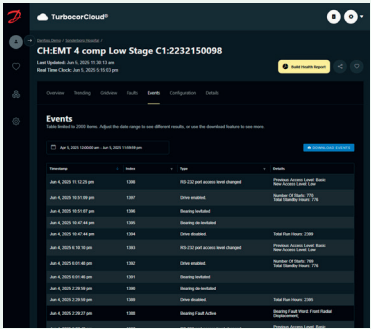

**Dashboard**  
Users can quickly navigate to sites requiring attention and provide valuable insight

**Health reports**  
30-day health report to provide a consistent update on overall health of compressor and energy consumption trends

**Downloadable faults and events**  
Downloadable fault & event logs make diagnosis simple, clear, and accurate
